

Oxford Participating Hospitals

We have provided a list of all Oxford participating Acute Care Hospitals as well as Specialty Hospitals in Connecticut, Delaware, New Jersey, New York and Pennsylvania. The listing includes each hospital's Oxford provider ID number (necessary for Oxford's electronic referral process), County and Oxford network affiliation with our plans (e.g., Freedom Plan[®], Liberty PlanSM (NY and NJ only) or Oxford Medicare AdvantageSM (OMA). This list is current as of January 1, 2008.

Most hospital services require precertification. Please refer to Oxford's Provider Reference Manual to verify which services require precertification. If you are referring a Member for a service that requires precertification, please call 800-666-1353. Participating providers can issue hospital referrals for services that do not require precertification, such as diagnostic testing. When entering the Oxford provider ID number of the hospital to which you are referring a Member, please be certain to use the letter O instead of the numeral 0 (e.g., the provider ID number for Bristol Hospital (HO4722) should be entered as the letter "H", the letter "O", then the numerals 4722.)
